

TA 868 MHz linear IRE 350-I-Card Antenna

Product description:

- This antenna is intended for operation in an office environment and not suitable for steady outdoor operation or outdoor storage.
- This 868 MHz linear antenna is compatible with our IRE 350-CF Card Reader E4002.000122.

<u>Technical Specification:</u>	
<u>Operating Data</u>	
Frequency range:	824 – 896 MHz
Impedance:	50 Ohm nominal
VSWR:	1.5 max @ resonance
Gain:	2 dBi
Radiation:	Omni, ½ wave dipole
Polarization:	vertical
<u>Mechanical Data</u>	
Connector:	SMA male
Length:	221 mm (straight), 202 mm (bent)
Cover:	Polyurethane, black
<u>Environmental</u>	
Operating temperature:	-30°C to +60°C
Order number:	E4002.000126
